

## SELECT TRAINING CAMP CANDIDATES FOR NEW OFFICERS

Army Board Completes Work of Choosing Guardsmen and Regulars for Course

### THIRTY-SIX MILITIAMEN MAY GET SHOULDERSTRAPS

One Hundred and Ninety Men Ordered to Report at Schofield Wednesday Morning

Thirty-six members of the Hawaiian National Guard were yesterday declared qualified to enter the next officers' training camp to be opened at Schofield Barracks on Wednesday morning. The army board detailed by General Winder for the selection of candidates, after having examined all applicants of the regular army, national guard and graduates of accredited mainland colleges and universities.

One hundred and ninety-one men will form the nucleus of the camp, and all are ordered to report for duty not later than half past eight Wednesday morning, and from that instant they will remain in service until the close of the war, whether they obtain commissions or not. Those who fail to qualify as officers will be sent into the enlisted personnel of regular regiments to serve until war is at an end.

The national guardsmen who have qualified for entrance have already been assigned to various regular army regiments, including the First, Second and Third Infantry regiments and the Third Engineers. None of them will report to the organizations, however, but go directly into the training camp.

The guardsmen who represent the First and Second Regiments, N. G. H. were selected as follows:

## STAMP COMMITTEE TO "DIG IN" TODAY

Will Take Up Its Quarters in Replica of Battlefront Dug-out and Start Hot Campaign

With the slogan, "dig up in our dug-out," the War Savings and Thrift Stamp committee will dig itself in today at its new headquarters in the Campbell Block at the corner of Fort and Hotel Streets. The new headquarters are a replica of a dug-out on the western front, copied from a photograph of General Leonard Wood's conference with General Mandrolin of the French army on one of General Wood's visits to the front.

The dug-out occupies the corner of the Campbell Block. It is covered with sand bags and camouflaged with green bunting. The committee hopes that in the future the people of Honolulu will find its range, and the heavier bombardment, the better. The dug-out is the work of Jay Elmont, whose window displays in behalf of the Red Cross, Lewis and Cooke, and the Red Cross Drive headquarters have drawn much attention during the last week.

During the next few weeks the committee under Robert Shingle, territorial director; A. N. Campbell, temporary chairman; and Philip F. Lee, executive secretary, will do its best to spread information concerning War Savings Stamps and call to the attention of the people of Honolulu the necessity of saving and investing the pennies that are now sacrificed to waste, vanity and indulgence.

Are "Baby Bonds"

War Savings Stamps are "baby bonds." They bear interest in much the same way as Liberty Bonds do, but they are put in such small denominations that they will furnish a handy investment for the savings of the poor and for the small sums that people may save by denying themselves small luxuries. They are backed, as the Liberty Bonds are, by the credit of the United States Government and they will continue to increase in value until January 1, 1923. At present a War Savings Stamp is worth \$4.16; on January 1, 1923 it will be redeemed for \$5. Every month increases the value of the War Savings Stamp one cent.

A Thrift Stamp is a 25c stamp, issued by the government, but which of itself bears no interest. Whenever anyone buys a Thrift Stamp, however, he is given a card which has space for sixteen stamps. When the card is filled the holder may exchange it at post offices, bank, or any authorized agencies for a War Savings Stamp, by paying the difference between \$4.16, the price of the sixteen Thrift Stamps, and the price of the War Savings Stamp, which at present is \$4.16.

**Saturday is Thrift Day**  
Each Saturday from now on will be known as Thrift Day and the merchants of Honolulu will endeavor to aid the saving campaign by giving as many Thrift Stamps as possible in the way of change. Next Saturday will be marked by a demonstration by the children of the city.

May 21 will be National Pledge Day, and the local committee will make a special effort to market stamps and organize the saving of the community. The Honolulu Automobile Club has volunteered to aid the committee on this day and furnish cars to aid in spreading the savings doctrine to all parts of the city.

The arrangements for the Pledge Day are in the hands of a Woman's committee, of which Mrs. Herman E. Hedrick is chairman. Mrs. Hamilton P. Agee is in charge of the publicity of the campaign. Mrs. Walter P. Frear is chairman of arrangements for the parade; Mrs. A. Lewis, Jr., is in charge of transportation for workers and Mrs. John E. Baird will direct the street decoration.

## L. YOUNG CORROTHERS SOON TO DON KHAKI

Popular Local Artist, Member of Laniakia Colony, Passes Examining Board and Will Enter Training Camp. As Will Don Blanding

L. Young Corrothers, interpreter of classic and eccentric dances, designer of scenery, director of pageants, and story-teller for groups of children, will don the American khaki uniform again on Wednesday, and remain in the service until the end of the war.

Yesterday he was accepted by the examining board of the army as a candidate for the officers' training camp at Schofield Barracks, and enters as a member of the national guard of Hawaii. On Thursday Mr. Corrothers had to leave of being once more in the army, but on Saturday he was in the line of young men waiting in the corridor of the Young-building outside the office of Maj. James D. Dougherty, an applicant for an officer's commission. He had seen army service before and for this reason was accepted in the national guard, and will now be discharged from the guard and assigned to the Third U. S. Engineers.

Mr. Corrothers first came to Honolulu several years ago as an enlisted man. After his discharge he joined the teaching staff of the Honolulu Military Academy, and was identified with the musical side of life for a time, until his departure for Australia as private secretary to Madame Nellie Melba.

**Artistic Activities**  
He also took a prominent part in the artistic activities of the city, one of the things which is best remembered as his work being the Peacock Ballet which was given at the Laniakia theater soon after its erection. After going to London with Madame Melba he joined Reville and Rosseter, costume designers, whom he left to return to Honolulu.

"I came back to Honolulu because I wanted to enter the service from my home town," said Corrothers yesterday, when told over the phone of his appointment. "I am delighted to know that I have succeeded, and am ready to get into the uniform at once as soon as I am officially notified."

Since his return Corrothers has had a studio at Laniakia where he has put on several charming children's plays and has also designed costumes and settings for other plays, notably the last entertainment of three plays given by the Footlights. He will be greatly missed in the artistic colony which has grown up around the Laniakia theater.

**Don Blanding Goes, Too**  
Donald Blanding, formerly on the art staff of The Advertiser, and who later joined the army as an enlisted man, and who has been with the headquarters of the detachment, also won his chance to enter the training camp, and goes to Schofield Barracks on Wednesday.

Among some of the prominent young men who are to join the camp are Vivian Dyer, son-in-law of former Governor George R. Carter; James P. Morgan, who recently married Miss Rosemond Swartz; Edmund Hedemann, of the shipping department of Castle & Cooke; "Sonny" Macfarlane, of Waikeiki Beach; John Van Valkenburg, of A. W. Van Valkenburg of the Oahu Harbors Company, and who is making his second training camp trip for a commission; Robert von Tempel, son of Louis von Tempel, manager of Halekula Ranch, Maui, and member of the late Marior von Tempel, a hero of the Maori wars of New Zealand, who was killed in the last battle.

**CALGARY VISITOR IS VICTIM OF THE REAPER**  
Hugh Neilson, a visitor in Honolulu, who had been a guest at the Colonial Hotel since last October, died at the Colonial on Wednesday last. His remains are being taken back to his former home on the mainland by his wife and daughter, who sail for Vancouver on the S. S. Niagara today.

Mr. Neilson was a respected citizen of Calgary, Alberta. He was ill when he arrived in the Islands some months ago and high hopes were entertained that the balmy climate here would enable him to regain his health. This, unfortunately, did not prove to be the case.

**GERONIMO CAVANA, A MEMBER OF THE NATIONAL GUARD, WHO ABANDONED HIMSELF TO WORD FROM THOSE WHO HAVE THE AFFAIR IN CHARGE FOR THE CAMP TODAY. IT IS UNDERSTOOD THE PROPOSITION DEPENDS UPON WHAT TERMS THE PROMOTERS ARE WILLING TO MAKE FOR THE BENEFIT OF THE CAMP ATHLETIC FUND.**

Jeas Willard today said he was in favor of the army proposition, and he wired Colonel Miller to give every consideration to the plan. "The camp authorities can count on me for anything in my power," he said. He said the soldiers could have the proceeds from the first fight pictures.

**GALLOWAY WILL LEAD STANFORD BALL TEAM**
